

Ring Sizer

Check which size is right for your ring by following the instructions:

1. Print this A4-sized PDF making sure that "page resize" is set to "none". Remember to print the sheet at 100%.
2. To check that you have printed correctly, measure the bar below with a ruler: the length should be 50 mm.
3. Cut out the sizer along the edges, taking care to follow the outer lines. Make a small cut along the dotted line.
4. Insert the narrow end of the gauge into the opening, holding the side with the numbers on the outside.
5. Wear the sizer as if it were a ring and pull the tab until it is the correct size for you.
6. The number indicated at the opening is your finger size.
7. Now you are ready to choose the right size ring for you!

Cut along the edge!
